Reading of Reports and Election of Officers Consume the Time.

[Special to The Times-Dispatch.]
DANVILLE, VA., October 13.—The
second day's sessions of the Grand ginia and the assembling of the Virate Veterans were held here to-day in Ridge Street Tabernacle in the presence of a large gathering which nearly filled the large auditorium. As the Grand Camp was caffed to order there was music by the band, and plantation melodies were sung by the Confederate Choir, which, by the clever rendition of its songs, has won a warm spot in the hearts of the Danville pen-

tion of the blood cells which supply the nourishment and strength necessary to sustain our bodies. The disease is caused by an excess of uric acid in the blood, which comes from indigestion, weak kidneys, constipation, and other irregularities of the system. This uric acid produces an inflamed and acrid condition of the blood, and the circulation, instead of nourishing

Business Mostly Routine.

Mostly routine matters were attended to to-day, but the annual reports were particularly interesting. Mrs. I.
W. Faison, of Charlotte, the president, reported eighty-nine chapters in the North Carolina Division, with a membership of 4,000. During the past year eight new chapters were organized, she also reported that two scholarships had been secured at the Greenshoro Normal College and that other colleges, including the university, had acted favorably on petition for one or more scholarships. She declared that more monuments have been erected to the Confederate soldier than for any other single cause in the world, and urged that each State erect a monument to Jefferson Davis.

The visitors were entertained at an elaborate luncheon by the Elks at their handsome temple; were given a complimentary outing on the river this afternoon, and to-night are guests at a brilliant reception, which is especially marked by the presence of the Confederate veterans in uniform.

and acrid condition of the blood, and the circulation, instead of nourishing the different portions of the body, continually deposits into the muscles, norves, joints and bones, the irritating and pain-producing acid with which it is filled. Then follow the painful and torturing symptoms of Rheumatism. We do not claim for S. S. S. that it is anything more than a first class blood purifier, and that is just what is needed to cure Rheumatism. S. S. S. goes into the circulation, and by neutralizing the uric acid and driving it from the blood, effectually and surely removes the cause of Rheumatism. S. S. S. strengthens and invigorates the blood so that instead of a weak, sour stream, causing pain and agony throughout the system, it becomes an invigorating, nourishing fluid, furnishing health and vigor to every portion of the body, and permanently relieving the suffering caused by Rheumatism. S. S. S. is purely vegetable and will not injure the most delicate system. Book on Rheumatism and any medical advice free to all who write. Some of the male of hoose is and male of hone. Hon, J. MINING OF COAL WHILE DERANGED SECRETARY NAGEL HE SEEKS DEATH

The Business Is on the Increase in Wise and Lee Counties.

[Special to The Times-Dispatch.]

BRISTOL. VA., October 12.—Business in the coal district of Southwest Virginia, particularly in Wise and Leccuntles, is improving with all possible speed.

The operators have found it difficult to get the number of laboters desired, but within the last two or three weeks many hundreds of men have been put to work in the mines and at the coke ovens, and the movement of coal and coke to the markets has been greatly increased. The Virginia and Southern Rallway is delivering to the western Rallway at Bluff City, Tonn, Southern Rallway at Bluff City, Tonn, an average of about 100 carloads of coal daily.

Southern Railway at Bluff City, Tenn., an average of about 100 carloads of coal daily.

In order to facilitate its shipments and to compete with the Carcina, Clinchfield and Ohio Railway and the Norfolk and Western Railway in the same field, the Southern is now hurrying the construction of the Holston River Line, which extends from Moccasin Gap, in Scott county, Va., to Eull's Gap, in East Tennessee, a distance of forty-three miles, The Southern expected to have this new line in operation by January 1, but it now leoks as though it would not be ready before early next spring.

In order to handle the long coultrains with safety, the Virginia and Southwestern Railway has just had constructed a new steel bridge over the Clinch River, at Clinchport, Va. This bridge is 325 feet in length, and cost the company more than \$25,000 All trains from the coal fields for the Southern Railway will pass over this bridge.

Mrs. D. A. Langhorne and Her Sister
Rendered Unconscious.

[Special to The Times. Dispatch.]
LYNCHBURG, VA., October 13.—Mrs.
Virginia A. Langhorne, aged seventyfive, widow of Dr. D. A. Langhorne
and a relative of the well-knewn Langherne family of Albemarle county, and
her sister, Miss Nannie Kent, aged
eighty, were nearly asphyxiated in
their home here lest night.

Miss Kent regained consciousness
this afternoon, but Mrs. Langhorne is
still unconscious. Coal gas escaping
from a Latrobe caused the trouble, and
both women were nearly dead when
discovered this morning by a servant.

WINSTON-SALEM, N. C., October 13.

—In the Superior Court to-day Jim.

Day and John Gregory, two negroes, were convicted of attempting to pick the pocket's of fair visitors here last week, and Judge Jones gave each eighteen months on the country roads.

The defendants were convicted in the recorder's court last week and sentenced to the roads for six months, but their counsel considered the punishment too severe and appealed to the higher court, and it resulted in the first sentence being tripled.

AUTO MOST VALUABLE

N. & W. Pays \$025 to Widow of Stain Mina and \$700 for Broken Machine. [Special to The Times-Dispatch.]

Stiffolk, VA. October 13.—The Norfolk and Western Railroad Company, according to two compromise decisions in Nansemond Circuit Court to-day, holds automobiles to be more valuable than human life. The company's attorneys gave Sarah E. Melton, widow of a colored mechanic, \$625 for the killing of her husband, while Mary E. Cobb got \$700 for injuries to an automobile by the same company, though the motor car was used again after repairs were made. Both suits were settled by attorneys and damages arreed upon without aid from juries.
